Department.	Number.	Series.	Date.
huestock - Dist. huestock farm, Koda S. Kanara Dist. - Construction of calf stalls proposal			

18

Copy of letter Roc.No.B2.1958/55 dated 23rd June 1955 from the Director of Animal Husbandry, Madras addressed to the Deputy Secretary to the Govt. of Madras, Agriculture Department, Madras.9.

Sub: Livestock - District Livestock Farm, Koila
South Kanara District - Construction of calf
stalls - Proposals.

...

The accommodation available at present in the District Livestock Farm, Koila South Kanara District for calves is only one block consisting of four small pens and three big pens having in all a total floor space of 500 square feet. The minimum floor space required for a calf is 10 sq. ft. and at this rate the present accommodation is sufficient only for a maximum of fifty calves.

The present number of calves in the farm is 75 and much inconvenience is experienced in finding sufficient accommodation for all the calves. This number will be increasing gradually from time to time as the number of animals in the farm and their calvings increase, and it is very necessary that sufficient sheltered accommodation should be provided for the healthy growth of the calves as the area is a heavy rainfall area. In this connection Dr. K.Balappa Chetty, Secretary, Livestock Improvement Association, Hampankatta, Mangalore, who is an Honourable visitor to the District Livestock Farm, Koila, South Kanara appointed by Government has also stressed the need for provision of additional calf stalls, which has been intimated to Government in this office letter D.Dis.No.627-D1/54 dated 22-11-54.

It is proposed to construct two more calf stalls one on each side of the existing stalls, which will provide accommodation for 100 calves. A plan and an estimate amounting to Rs.8,500/- for one calf stall, obtained from the Executive Engineer, South Kanara Division, Mangalore are enclosed. I request that Government may be pleased to approve an expenditure not exceeding Rs.17,000/- (RUPEES SEVENTEEN THOUSAND ONLY) for construction of two calf stalls one on either side of the existing x cattle stall in the District Livestock Farm, Koila. Even now the calves are subjected to be drenched in heavy rains when they are taken to the milking sheds for milking. This arrangement will give sufficient protection from drenching.

The expenditure is debitable to "50. a. Civil Works
Original Works - Buildings - Postwar Reconstruction - I.Ordinary
areas - O.Veterinary - Major works" and the work is to be executed by the Public Works Department.

Copy of letter No.31413-Wks.2/55-CR dated 5-8-55 from the Chief Engineer (General & Buildings), Madras addressed to the Secretary to Govt. Agriculture Department, Madras.

Sub: Livestock - District Livestock Farm, Koila - South Kanara District - Construction of Calf stalls - Proposals.

Ref: Memo.No.61308-AI.V/55-1 Dated 4-7-55 of the Agriculture department.

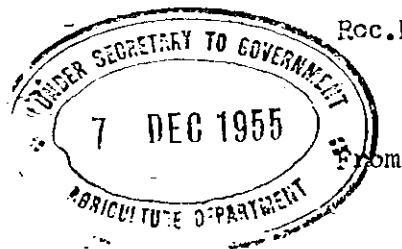

The proposal for the construction of two calf stalls in the District Livestock Farm, Koila, South Kanara District at an estimated cost of Rs.8,500/- per single calf stall may be approved subject to the following remarks.

The following may be left to be decided by the Executive Engineer, South Kanara Division during execution.

- 1.1 Orientation of the buildings.
- 1-2 Design of foundation to suit the soil and sub-soil at site of work.
- 1-3 Finishing of walls may be with cement mortar 1:5, $\frac{3}{4}$ " thick instead of cement mortar 1:3, $\frac{3}{4}$ " thick.
- 1-4 The Calf pen halls are ill-ventilated. At least one double frame glazed ventilator 2'-10 $\frac{1}{2}$ " x 1'-9" at suitable height in each bay of all may be provided to admit proper light.
- 1-5 For similar purpose two weld-mesh ventilators at suitable height in the store room may be installed.

2. Notwithstanding these changes enumerated in para 1 above, the amount of estimate of Rs.8,500/- per calf stall remains unaltered.

Construction of
calf stalls

Ref From the D.A.H.
R.O. no. B-2-1958/55
dt 5-12-55

With reference to his
letter cited, the attention
of the D.A.H. is invited
to C.D. no. 4493 P.W.D.
dt 30-11-55 wherein
sanction has been accorded
for the construction of
one calf stall in the
Dt. Inverloch Farm,
Koila, South Kanara,
during the current year.

2. As regards the
other calf stall proposed
by the D.A.H., he is
requested to submit
necessary proposals in
this regard early in
1956-57.

NOTE FOR CIRCULATION

The case deals with the proposal of the D.A.H. for the construction of calf stalls in the Dt. Livestock Farm, Koila, South Kanara.

2. The D.A.H. has reported that the accommodation available at present for calves in the Dt. Livestock Farm Koila is only one block consisting of four small pens and three big pens having in all a total floor space of 500 square feet. He has also reported that as the minimum space required for a calf is 10 sq.ft. the present accommodation is not sufficient for the 75 calves now in the farm. As the number of the calves is likely to increase, the D.A.H. sent up proposal to construct two more calf stalls one on each side of the existing stalls to provide accommodation for 100 calves. He has submitted a plan and estimate amounting to Rs.8500/- for each calf stall, obtained from the Executive Engineer, South Kanara Division, Mangalore. The total estimated cost for both the stalls comes to Rs.17,000/-.

3. The Chief Engineer P.W.D. (General) whose remarks were ~~xx~~ invited on the above plan and estimate has approved subject to the remarks made at 'A' on p.5 c.f. However the amount of estimate remains unaltered.

4. This Dept. proposed to accept the proposal for the construction of two stalls at an expenditure not exceeding Rs.8500/- for each stall. As the two stalls constitute a major work P.W.D. asked the Fin. to advise whether the proposal should be treated as a Part II Scheme for 1956-57 or whether it may be put through in the current year itself. Finance have stated that as the existing stall can accommodate 50 calves out of 75 calves, construction of one more stall

3

alone is an urgent need ~~for~~ of the farm and have accordingly suggested the construction of one more stall only at a cost of Rs.8500/- in which case the proposal can be sanctioned in the current year since the expenditure will be Rs.8500/- only.

This Dept. agrees.

5. In the above circumstances it is proposed

A
a) to accord sanction for the construction of one stall only in the current year;

and

B
b) to ask the D.A.H. to submit proposals for the construction of the other stall as a Part II Scheme for 1956-57.

The case may be circulated for orders.

'A' and 'B' above may be approved.

P.W.(CI) Dept.

(PRE.NOTE OF P.W.AT pp.2-3 ante)

...

Further notes of Finance and Agriculture and orders in ~~in~~ circulation at p.7 ante may be perused.

As the expenditure is debitable to "50.Civil Works" Agri will have to circulate the case to M(W) also

In regard to their note at 'B' on p.7 ante the

following remarks seem called for. The estimated cost of one calf stall is Rs.8500/- only. According to the instructions laid down in Paragraph 55 of the Budget Manual works costing more than Rs.10000/- only should be considered as Part II Schemes. Works costing less than Rs.10000 are treated as minor works. The expenditure on such works is met from the lumpsum provision made in the Budget Estimate. Orders giving a direction to the Director of Agriculture as at 'B' on p.7 ante should appropriately issue from the Administration Department itself. After circulating the case to M(W) Agri. may be requested to take necessary extracts and return the file to this Dept. for issue of orders with reference to 'A' on p.7 only.

With these remarks the case may be returned to Agri. thro' Finance.

xx. xx
19.10.

FIN.

(Previous Fin. note on pp.3-4 above)

The orders in circulation on p.7 above and the notes following may be perused.

xx xx
21-10-55 21-10-55.

Agri.(CII)Dept.

Please see the notes of P.W.D. and Fin. at pp.8-9 ante. P.W.D. have pointed out that works costing more than 10,000/- alone should be considered as Part II Schemes and that works costing less than 10000/- are treated as minor works. It is therefore for orders ~~xx~~ whether the D.A.H. will be ^{asked} ~~ordered~~ to submit proposals for the construction of the other calf stall during the year 1956-57.

After orders, a note for circulation will be put up - "B" above may be approved after which extracts regarding the second calf stall may be taken and action by this Dept. and the file returned to P.W.D. for issue of orders regarding the stall to be constructed this year.

A.B.G. N.M.

The case deals with the proposal of for the construction of calf stalls in the District Livestock Farm, Koila South Kanara.

2. The D.A.H. has reported that the accommodation available at present for calves in the District Livestock Farm Koila is only one block consisting of four small pens and three big pens having in all a total floor space of 500 square feet. He has also reported that as the minimum space required for a calf is 10 sq.ft. the present accommodation is not sufficient for the 75 calves now in the farm. As the number of the calves is likely to increase, the D.A.H. sent up proposal to construct two more calf stalls one on each side of the existing stalls, to provide accommodation for 100 calves. He has submitted a plan and estimate amounting to Rs.8500/- for each calf stall, obtained from the Executive Engineer, South Kanara Division, Mangalore. The total estimated cost for both the stalls comes to Rs.17,000/-.

3. The Chief Engineer P.W.D. (General) whose remarks were ~~xx~~ invited on the above plan and estimate ^{them} has approved subject to the remarks made at 'A' on p.5 c.f. However the amount of estimate remains unaltered.

4. This Dept. proposed to accept the proposal for the construction of two stalls at an expenditure not exceeding Rs.8500/- for each stall. As these two stalls constitute a major work P.W.D. asked the Finance to advise whether the proposal should be treated as a Part II Scheme for 1956-57 or whether it may be put through in the current year itself. Finance has stated that as the existing stall can accommodate 5 calves out of 75 calves, construction of one more s

alone is an urgent need ~~for~~ of the farm and have accordingly suggested the construction of one more stall only at a cost of Rs.8500/- in which case the proposal can be sanctioned in the current year since the expenditure will be Rs.8500/- only.

This Dept. agrees.

5. In the above circumstances it is proposed

a) to accord sanction for the construction of one stall only in the current year; and

b) to ask the D.A.H. to submit proposals for the construction of the other stall during 1956-57.

The case may be circulated to M(W) as since indicated by P.W.D. in view of the expenditure being debited to "50.Civil Works".

The case has already been circulated to M(A) and M(F & E) and orders obtained on the proposals given above (page 7 n.f.). As P.W.Dept. has since indicated that the case may be circulated to M(W) also in view of the head of account to which the expenditure is to be debited, a note x has been put up.

Proposals at 'A' and 'B' above may be approved.
